

Desktop Deployment Planning Services

15 Day Engagement

Activity

Same as activities outlined in the 10 Day listings and the following:

- ✓ Additional time spent providing knowledge transfer through Strategy Briefing and Architecture Design Sessions.
- ✓ A 15 Day DDPS engagement includes additional tasks associated with the creation and customization of a user BDD lab, offering additional flexibility to meet the unique needs of the user's environment beyond what can be accommodated in the 10 day engagement as follows:
 - ✓ User hardware –additional modifications as time permits.
 - ✓ User software – inclusion of additional applications as time permits.
 - ✓ Application Compatibility Remediation for additional applications using the Application Compatibility Toolkit 4.0 as time permits.
 - ✓ Additional Customer workflow(s) – as time permits.

Outcome / Deliverables

- ✚ 10 Day Deliverables.
- ✚ Full creation and customization of User BDD Lab based on 10 Day engagement parameters plus additional focus areas listed in 15 day section above.
- ✚ Desktop Deployment Plan.
